b. On 14 April 1986, a tour was held of the Message Handling Facilities at the Headquarters Communication Center for interested offerors of Request for Proposal (RFP) [redacted] which is in support of the Communications Engineering Division/Network Systems Engineering Group/Office of Information Technology. Of the 29 offerors solicited, 14 companies took part in the tour which provided the attendees with a brief overview of the government's current message handling system. This RFP is scheduled to open on 12 May 1986. [redacted]

U.S. I
~~CONFIDENTIAL~~

25X1 Thereafter, technical clarifications will be solicited as
appropriate, as will be revised pricing proposals. P&SCB anticipates
25X1 presenting the acquisition case to the Agency Contract Review Board
prior to 1 June 1986. [REDACTED]

25X1 e. On 16 April 1986, a meeting was held with Office of Technical
Service (OTS) representatives and contract negotiators of both
Production & Services Contracts Branch, Procurement Division; and
Contracts Branch, OTS, to discuss various production and delay
25X1 problems [REDACTED] It was agreed that the
contractor should be informed of these concerns and the possibility of
not being chosen for any future Agency contracts and proposals if his
performance did not improve. Key to the discussions was the lack of
quality assurance and control on several ongoing contracts, with
special attention given to specific examples of poor workmanship on
concealment devices. The contractor has been apprised in writing of
these concerns, and has been advised that failure to correct the
25X1 problems identified may jeopardize future contracts. [REDACTED]
